Date: November 13, 2002

1. On several occasions on the evening of November 12, 2002, I attempted to view ECFS records pertaining to WT Docket 98-182, and to file a Petition for Reconsideration. The ECFS system would not display the filings in this docket. On attempting to submit a Petition for Reconsideration, the ECFS system returned the message, "Proceeding 98-182 is not open for submissions to ECFS."

2. On November 13, 2002, I determined from a phone call with personnel at the FCC Secretary's office that the ECFS system was temporarily inaccessible, and that I should file our Petition in writing with this cover letter requesting that that the filing be accepted as having been timely filed. This is that request.

3. Attached is the PRSG Petition for Reconsideration. I ask that it be accepted as having been timely filed.
